

A NOTE FROM COUNTRYSIDE SOUTH HOA

WARNING

This past Sunday January 3rd at 4:30 AM one of our Countryside South Neighbors was awakened by an attempted break-in at the Sliding Glass Door of his residence. Luckily the homeowner scared the intruder away. This note is just a warning and a suggestion that everyone be alert and cautious. Keep your doors and windows locked. We are in the process of installing street lights which should add additional security for all. We will have the Sheriff at the next HOA Meeting (7:00 PM January 25th at the Whispering Pines Fire Station) to share his advice on the matter. Please consider attending as this will be the primary subject of discussion. Thank you.
