

COUNTRYSIDE SOUTH

HOME OWNER'S ASSOCIATION

Happy Holidays

Your board members wish you a safe and happy holiday season.

Overnight Street Parking

A reminder, per our covenants, that overnight street parking is prohibited. Vehicles on the street or on the front yard/sidewalks create safety issues for our residents. When vehicles are left on the street it makes it difficult for emergency vehicles, primarily fire engines to travel the road, thus reducing response time to fires/emergencies. Some vehicles have been noticed on yards/sidewalks and that makes it unsafe for children and others walking the sidewalk. With winter upon us overnight street parking creates a problem for snow removal as well. If vehicles are left overnight on the street or on sidewalks/front yards the HOA will notify you to promptly move your vehicle. If not moved, for the safety of our residents and per our covenants, your vehicle may be towed at your expense.

Yard Lights

Thanks for checking your yard lights to make sure they are properly working. Working yard lights are required in the development for the safety of residents.
